

During the month of November, the Provincial Comptroller's Office carries out a process to recruit third-year Accounting and Finance students, in Professional Technical Education, who wish to enroll in the V Specialization Course in Auditing, to begin in the coming school term.

Mildred de Armas Suárez, chief comptroller of the Attention System in the territory, explained that the interested parties will start the course on February 28, 2022 until the first week of July, and in the second and third weeks of that month the state exam is expected and graduation.

At this stage, they receive demands from entities that still do not have such comptroller positions covered, which distinguishes the course: in addition to their title of Medium Technician in Accounting and Finance with a Specialization in Auditing. Graduates will have their job location secure, she said.

For other details, the Comptroller of the province provides the telephone numbers 47 36-6783 and 84, with extensions 111 and 112.
